IANZ or NATA** Accredited Laboratories – last updated 15/08/2007

**IANZ or NATA accreditation does not imply that the laboratory is IANZ or NATA accredited to do the full range of possible tests covered by the Standard. For the most up to date accreditation details of each laboratory, reference should be made to the IANZ or NATA website at www.ianz.govt.nz www.nata.asn.au

Notes: indicates NATA accreditation, * indicates accreditation is imminent, # indicates laboratory may be capable of doing the test but is yet to be accredited by NATA, ® indicates related NATA accreditation. Only laboratories that can test electric products are listed. Some of these labs can also test gas products (marked with §).
