Dear 9(2)(a)

Re: Official Information Act Request: Waste Oil

Thank you for your email of 9 February 2026, in which you requested information under the Official Information Act 1982. You requested:

Has any grant been applied for in relation to used / waste oil from EECA.

In response to this question, EECA has received three applications for funding waste oil related projects:

- In December 2022, Lilies Limited was granted \$390,000 funding towards replacing waste oil burners with hot water heat pumps. This project was ultimately withdrawn as the company entered receivership.
- In July 2023, an application in relation to Waste Oil was made to the Technology Demonstration Fund that was declined. As the applicants may still wish to pursue alternate funding, we are required to withhold this information under section 9(2)(b)(ii) of the Official Information Act 1982, to protect information where release would be likely to unreasonably prejudice the commercial position of the person who supplied or is the subject of the information.
- In September 2024, Crusader Meats New Zealand Limited received a grant of \$17,160 as partial funding towards a feasibility study for installation of a heat pump to replace a waste oil boiler.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Please note that it is our policy to proactively release our responses to official information requests where possible. Our response to your request will be published shortly at

<https://www.eeca.govt.nz/about/news-and-corporate/official-information/> with your personal information removed.

Yours sincerely,

Murray Bell
Group Manager, Policy and Regulation
